

Log In Instructions

Ok, You need to log in to a MCSD Laptop!

Username is **. \Student** password is - **Martin11**

Next , hook up to YOUR WiFi at home. Now find the Class link icon

Click on this and you will see this page. ↓↓

The 'Enter Digital Martin' login page has a dark blue background with the Martin County School District logo at the top center. On the left, there are two callout boxes: one for 'CHROME AS YOUR BROWSER' with the Chrome logo, and another for 'IF YOU ARE LOGGING IN FROM A SCHOOL COMPUTER, PRESS THE RED BUTTON' with a school logo. The main area contains a username field with 'baldwiv', a password field with dots, a blue 'Sign In' button, and a red button labeled 'Sign In Using this Button at School'. On the right, a callout box explains that from a personal computer, users should use their school computer's normal password and press the blue button.

Now you will need your students 4300# and Focus password. This is a combo of letters and numbers and it is case sensitive!

All New Kindergartners should use **abc.1234** as their Classlink password!

That will be the username and password. Once entered, click the BLUE **sign in** at home (red for at school.)

The next thing you will need to find is the Google Classroom app.

This is how to get into your child's Classroom! NOTE: if you are logged into YOUR Google account your child will not get into the classroom, you can add an account at the top

right by your account icon.

Now, you need to sign your child into Google with their 4300# with @sbmc.org added to it. If you are this far, good job! All **new** students to our school and **new** kindergartners will use Student1 as their password to get into **Google classrooms**.

Next it should ask you to **CHANGE** the password, I recommend it to be their Focus password! Write it down so you, and your child, won't forget it!!!!

If you had logged in before and can't remember it you can email me at baldwiv@martinschools.org with the students name and I can reset it. Google will not allow you to use the same password again. And I am not always available to reset...

If they *still* can't get in, email googleappshelp@martin.k12.fl.us

All **Tech help** for laptops -Parents should email

MCSDlaptops@martinschools.org
