

## **2019-20 Business Partner—Culver's of Stuart—Dale Rockefeller, Owner**

Culver's of Stuart has been a proud supporter and community partner over the last few years for HOMS. We began our relationship with a banner hung outside the school in the car pickup line and quickly began supporting the school by donating Culver's Custard tokens for free scoops. Later in the year, we began the Kids of Character program where students were awarded for being awesome with an equally awesome Culver's treat.

Over the past few years, we have had Culver's Cares Nights for HOMS where we partner for a night and a percentage of our sales goes back to the school -- it's our way to say "Thank you".

Starting off the year with a bang, we donated 100 Free Sundaes to the first 100 parents/volunteers that signed up with the HOMS PTA for 2020.

It was also our pleasure to donate 300 scoops of custard for the Carnival event last year.

I'm proud to own a business that gives back to our community and schools, but in reality, we just do the right thing at Culver's and that feels good! Go Sharks!
