

HOPE Scholarship Defined and Frequently Asked Questions (FAQ) & Resources

Overview

Beginning with the 2018-2019 school year, contingent upon available funds, and on a first-come, first serve basis, a K-12 student enrolled in a Florida public school is eligible for a scholarship under this program if the student reported an incident of battery; harassment; hazing; bullying; kidnapping; physical attack; robbery; sexual offenses, harassment, assault or battery; threat or intimidation; or fighting at school.

The scholarship gives parents the opportunity to transfer their child to another K-12 public school with capacity within the school district, receive a scholarship to transport the student to a public school in another school district, or to request a scholarship for the student to attend an eligible private school. A qualifying incident must have taken place at a public K-12 educational institution, any school-related or school-sponsored program or activity, riding on the school bus or waiting at the school bus stop.

FAQ

[Who is eligible for the Hope Scholarship Program?](#)

A student who has experienced and reported an incident of battery, harassment, hazing, bullying, kidnapping, physical attack, sexual offenses, threat or intimidation, or fighting at school will be given the opportunity to enroll in another public school that has capacity or the ability to request and receive a scholarship to attend an eligible private school.

A qualifying incident, as seen above, must have taken place at a K-12 public school, any school related or school-sponsored program or activity, riding the bus or waiting at the bus stop.

A parent who chooses to enroll his or her child in a public school located outside the district in which the student resides shall be eligible for a scholarship to transport the student.

[What is the term of the Hope Scholarship?](#)

A Hope scholarship shall remain in force until the student returns to public school or graduates from high school, whichever occurs first. A scholarship student who enrolls in a public school or public school program is considered to have returned to a public school for the purpose of determining the end of the scholarship's term.

[Can the scholarship be forfeited?](#)

The scholarship is forfeited when a parent enrolls the student in a public school or the student is enrolled in a DJJ commitment program.

- Participating in a home education program.
- Participating in a private tutoring program pursuant to section 1002.43, F.S.
- Participating in a virtual school, correspondence school, or distance learning program that receives state funding unless the participation is limited to no more than two courses per year.
- Enrolled in the Florida School for the Deaf and the Blind.

- To enroll in another public school, please contact your school district office.
- To apply for funding to attend an eligible private school or to apply for the transportation scholarship, you will need to contact one of the approved nonprofit Scholarship Funding Organizations (SFO).

[I would like to enroll my student at a public school in a neighboring district. How can I apply for transportation funding?](#)

You will need to apply for the scholarship through one of the approved SFO by providing the original version of the Hope Scholarship Notification Form and submitting any further documentation required by the SFO you are applying through.

The SFO is responsible for determining eligibility and awarding funding.

[How is eligibility determined?](#)

- Inform the child's school district when the parent withdraws his or her child to attend an eligible private school within 15 days of that decision;
